Welcome to Britannia English Academy

Britannia is an independent, English language school located in the heart of Manchester's bustling city centre. We have been open since 2012, and since then we have been building a reputation based both on the quality of our lessons as well as the friendly and positive environment throughout the school.

Our teaching staff are recruited based on their ability to foster positive, enjoyable and communicative learning environments as well as their high-level academic skills and teaching qualifications.

What is an EMI Course?

It is easier than ever today for students to move abroad and study in a foreign University. While this is a great personal and professional development opportunity for students, it also brings a new challenge to University lecturers and professors. More and more, higher education professionals around the world must deliver a part, if not all of their lessons in English, to a multilingual and multicultural audience of students.

This is referred to as EMI (English Medium Instruction).

How to prepare for teaching lessons in English?

How to get concepts across efficiently to a class?

How to help students learn and understand lessons, regardless of their first language or cultural background?

Those are some of the questions that the EMI course is designed to answer.

This intensive course, combining theory classes and practice workshops, is designed to give you the tools that you need in order to feel more confident and professionally more competent to teach in English to a multilingual audience.

More and more University Lecturers must deliver a part, if not all of their teaching in English, to a multilingual audience. This is referred to as EMI, which stands for **English Medium Instruction.**

Who is this course for?

F.A.Q

When can I start my training?

We understand that your schedule as a lecturer can be busy and we want to do our best to accommodate you. For this reason, we are happy to welcome at any time of the year, depending on what is most convenient for you. Our school only closes 2 weeks per year, for Christmas.

How can I register?

The first step of your registration is to apply for funding via Erasmus +.

The international department of your institution will be able to accompany you in this process. Once your funding has been accepted, you can contact us and we will send you an assessment test and our registration documents.

Do you offer bespoke courses?

We are able to provide bespoke courses related to a specific subject or industry. The only requirement for this is to have a minimum of 3 teachers attending the course at the same time. Let us know what your project is and we will be happy to discuss the various possibilities with you.
