Who we are?

BEA Robotics emerges from a partnership between **Britannia English Academy, Big Ideas, and Whalebot.**

The Asia-based **Big Ideas Group** focuses on bringing the best intellectual property (IP) in edtech from around the world to the **UK, Europe, and the Middle East.** Whether in STEM, space, or aerodynamics education, it partners with local educational institutions to deliver cutting-edge educational technology to eager learners.

Our Mission

At **BEA Robotics**, we are committed to fostering creativity, innovation, and technical skills in young minds. **Our goal** is to empower the next generation with real-world AI and robotics experience, preparing them for global competitions and **future tech** careers.

Each year, **500,000+ students** from **24 countries** take part in **Enjoy AI competitions**, with over **600 events worldwide**. **BEA Robotics** will train and develop our own **competitive team** to participate and excel on the international stage.

Why Choose BEA Robotics?

Competitive Edge:

We train students to participate in international robotics competitions like Enjoy AI.

Latest Robotics Models:

Learn with Whalebot's advanced robots, designed for real-world applications.

Unlimited In-House Materials:

All tools, software, and components are provided.

Expert Instructors:

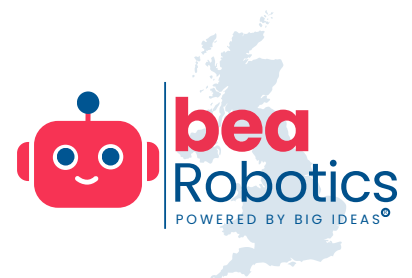

Classes are led by industry practitioners and educators.

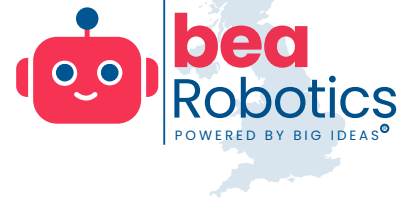

Structured Learning:

Hands-on projects, AI-driven challenges, and teamwork development.

Innovate, Create, Compete – The Future Starts Here!

Our Robotics Course Packages?

Junior £359 a month

- Ages 3-6yo
- Open Day **Offer: £299**
- Enrolment Fee **£45 (One Off)** Free Before 31st of May

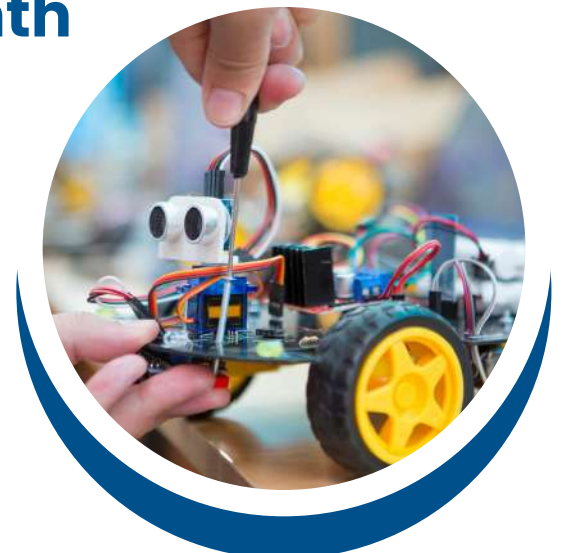

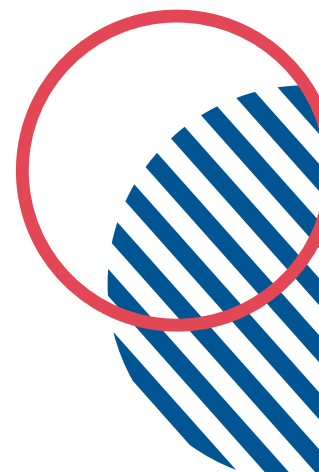

Senior £399 a month

- Ages 7-15yo
- Open Day **Offer: £349**
- Enrolment Fee **£45 (One Off)** Free Before 31st of May

Competition £459 a month

- Ages 10+
- Open Day **Offer: £399**
- Enrolment Fee **£45 (One Off)** Free Before 31st of May

What's Included in Each Package?

 **Interactive Lessons:**
Hands-on robotics and AI programming sessions.

 **Personalized Learning:**
Tailored content for different age groups.

 **Team-Based Learning:**
Collaboration with peers to build and innovate.

 **Latest Whalebot Robotics Kits:** Access to premium robotics models.

 **Unlimited In-House Materials:** All hardware and software provided.

 **Competition Readiness:**
Training for international Enjoy AI events.
